———————— Safe Area

———————— Finish Size/Bleed Line

[yellow bar] Folder area - including bleed

Important

Keep all important elements within the safe area.

Keep all important elements .25 inch away from all fold lines.

Background graphic elements must extend past the red line.

Once the folder is printed, elements outside the red line will be discarded.

Note about pockets

When the folder is printed, and the pockets are folded upward, the pocket text/elements become right-side-up.

The Right Pocket has slits for a business card.

Right Pocket
Design up-side-down so it prints right-side-up

Left Pocket
Design up-side-down so it prints right-side-up
